

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. Official Statement and Declaration.

STATEMENT OF THE BOARD OF COUNTY CANVASSERS OF THE City and County of New York in relation to the Special Election on the Proposed Amendment to the Constitution of the State providing for the appointment of Five Commissioners of Appeals, held on Tuesday, the fourteenth day of March, one thousand eight hundred and sixty-five.

The Board of County Canvassers of the City and County of New York, having met at the office of the Clerk of said County, on the twentieth and twenty-first days of March, one thousand eight hundred and sixty-five, to canvass and estimate the votes given in the several Election Districts of said City and County at the Special Election held on the fourteenth day of March, in the year aforesaid, do certify as follows:

That it appears on such estimate and canvass that the whole number of votes given to perfect an Amendment of the Constitution providing for the appointment of Five Commissioners of Appeals was seven thousand and seventy-eight.

Of which four thousand and sixty were for the Proposed Amendment providing for the appointment of Five Commissioners of Appeals.

Of which two thousand nine hundred and ninety-six were against the Proposed Amendment for the appointment of Five Commissioners of Appeals.

And of which twenty-two were blank votes.

We certify this statement to be correct, and have caused the same to be attested by the signature of the Chairman and Secretary of this Board this twenty-first day of March, one thousand eight hundred and sixty-five.
